Annual Report 2022-2023

A very Good evening to everyone. Honourable Chief Guest Respected RAM VEER Sir, REGIONAL OFFICER, CBSE, Chairman Sir RLM Management trustee members , Parents, my beloved Students, and passionate team I take great pleasure in welcoming all of you on this special occasion of OWS Annual Concert with the Theme as Atmanirbhar Bharat, Self-Reliant Bharat of the AY 2022-23.

We believe that school education is a teamwork which contributes immensely to individuals to meet their aspirations by working and enhancing their basic skills. We at Oxford World School make it a point that everyone learns and becomes a kind and able citizen to lead a happy and successful life.

Oxford World School, which began its journey on the path of serving society back in 2018, is now becoming a fast-growing family with approximately 500 students and their families.

Being grateful towards the Almighty and believing in Divine powers, I take immense pleasure and feel privileged to present the Annual Report for the year 2022-23.

We have always been committed to create an environment in the school which helps the young mind to blossom and provide a platform for individual thinking and holistic development of the child's personality, as academic session witnesses repositioning, restructuring & refocus.

I wish to throw light upon our performance in the Scholastic and Co-scholastic front through this Annual Report Presentation. Achieving academic excellence is the heart of our endeavor as educators. Academic achievements reflect a demonstrated ability to perform to the best of one's ability by developing one's intellectual potentials and skills with diligence and passion. We are happy to share the details of the commendable performances of our students of Classes Preschool to IX.

SCHOLASTIC AREA

Excellence in academics is the hallmark of any good institution and results of the school prove without any doubt that our students have made us proud and will continue to do so. Academic success is important because it is strongly linked to the positive outcomes.

Along with academic pursuits equal importance is given to sports and other physical activities as they develop mental strength, higher self-esteem and a positive mind set amongst students.

XSEED LEARNOMETER : Student results on the XSEED Learnometer Skills Test this year were excellent. Learnometer is one the largest and most comprehensive skills-based tests for school-age children in India. Over 61,000 students in 21 states, across grades 1 to 8, have taken the test since November 2022. It is a bench mark for all types of competitive examinations. OWS learners XSEED Learnometer Report was fantabulous as we can see the glimpses of feedback of satisfied parents and the students. As mentioned that the skill assessments are the benchmark for all types of competitive examination as is aligning Assessment to the Vision of NEP 2020 - Progressive shift towards competency-based assessment. The Learnometer report gives useful feedback on the strengths and areas of development for each child and the class as a whole in Oxford World School.
